

Electronics Division

Think of Vehicle Electronics... Think of Auto Trim Design!

Auto Trim Design

With over 20 years in the business, Auto Trim Design is known and trusted for its Sunroofs, Leather Interiors and Vehicle Accessories, but we are also one of Seattle's leaders in Vehicle Electronics. Auto Trim Design carry full product lines from all the major brands in the business so that regardless of your requirement, we'll find the perfect solution at a price you can afford.

CiG-Blue Bluetooth Phone System

Stay Connected on the Road with the CiG-Blue Bluetooth Phone System from Vizualogic.

Now you can enjoy Bluetooth safety and convenience on the road with the CiG-Blue Bluetooth Phone System from Vizualogic.

This new hands-free system features a clean original equipment look and works with most Bluetooth-enabled mobile phones. Quality sound plays through the vehicle's speakers. Other features include audio system mute, voice dialing and quick easy installation.

Stay Safe on the Road!

- * Bluetooth Safety & Convenience
- * Works With Most Bluetooth Phones
- * Quality Sound Through Car Speakers
- * Clean factory Look
- * Audio System Mute
- * Quick Easy Installation

Includes; Main module, Mic, Power harness, Speaker interrupt circuit built-in, Cigarette lighter trim rings, fastener and user information sheet.

For premium audio systems with a low impedance speaker system, you will need to add an external speaker.
